

Oxygenated **Non-Caustic** Cleaner

DIRECTIONS FOR MIXING AND USE

Add one quarter of the desired amount of warm water to a container. Carefully add half of the powder stirring continuously until completely dissolved. Then add the other half of the powder while stirring continuously and topping off with the other three quarters of the water.

Leave for at least 20 minutes for a quick clean, or longer for caked on or stubborn stains. You can leave it longer, up to 24 hours. Flush with clean water.

MIXING RATIOS

pH7X Cleaner	Water
50 Grams	5 Liters
5 Grams	.5 Liter
1 Teaspoons	14 Fluid Ounces
3 Tablespoons	1 Gallon
2 Pounds (Entire Bag)	27 Gallons

WARNING Injurious to eyes. Harmful if swallowed. Contains sodium percarbonate and sodium carbonate. Avoid powder or solution contact with eyes and prolong skin contact. (Wear gloves) EYE CONTACT: Flush with water for 15 minutes; seek medical attention immediately. IF SWALLOWED: drink a glass of water; do not induce vomiting; seek medical attention immediately. SKIN CONTACT: flush with water. Do not mix with products containing ammonia, chlorine, bleach, or with other household chemicals. Do not mix or store solution in a sealed container, as pressure can build up and the container may rupture causing injury. Do not heat or boil water for use with KlenX. Contains no phosphate.
